

1st Annual Child Hunger Summit

October 7, 2013

Sponsored by

The Summit is designed to bring awareness to Brevard County's faith-based leaders of the significant hunger issues local kids are facing and how their congregations can help generate the change necessary to help hungry kids here in our own backyard.

At the Summit, Brevard School Board nutritionists, pediatricians, teachers and other experts will frame the dangers of childhood malnutrition and hunger as it relates directly to early childhood learning. Dangers such as inhibited cognitive development, doing poorly in school and more likelihood of medical problems are just a few of the problems associated with childhood hunger.

The solution, most often, starts with what happens to a child in elementary school.

As part of the Summit, religious leaders will learn what their roles can be in helping to solve the local hunger issue with our kids. The leaders will learn that the key to solving the problem is local, grassroots and within their grasp.

The **1st Annual Child Hunger Summit** will take place on Monday, October 7, 2013 at 9:00AM at the Hilton Melbourne Beach Oceanfront. Breakfast items will be available starting at 8:00AM.
