

Hello!

I'm proud to share that this year marks **15 years of impact**—a milestone made possible because of your unwavering support. Together, we've continued to make a meaningful difference for children in Brevard County who face food insecurity, especially those who rely on weekend meals.

This past year, we saw an **increase of 500 more students served**, bringing the total to **4,800 children**. Yet the need continues to grow. Today, **70% of Brevard County public elementary school students—more than 25,000 children—qualify for free or reduced meals because of limited household income**. And with the growing demand, **this year, we are looking at nearly \$1 million in food costs to meet the growing need**.

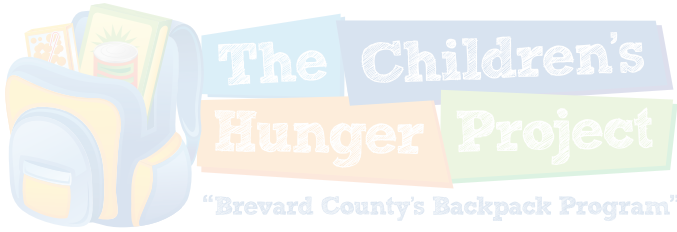

As you read through our 2025 Impact Report, you'll see the strides we've made together. Recently, our team spent time with some of the children we serve, and their joy and gratitude were powerful reminders of why we do what we do.

I'm deeply grateful for your continued commitment. With your help, I know we can keep making a powerful difference for children who need us most.

Sincerely,
Cheryl Cominsky
